

North County Alliance FC

2019-2020 Scholarship Application

The goal of the NCAFC Scholarship Fund is to make the club soccer experience available to all qualified soccer players who have the talent and commitment, but who may not otherwise be able to afford the expense of competitive club soccer. When reviewing applications we take into consideration financial needs as well as other factors that may influence a player's ability to play for our club. However, since the financial resources of the NCAFC Scholarship Fund are limited, the availability and amount of scholarships is also limited to true financial hardship situations. Scholarships are awarded and may vary season to season due to the availability of funds.

For your player to be considered as a recipient for a scholarship, the application must be completed in full with all required documentation and submitted by **May 30, 2019**. If additional space is needed for the answers below, please write them on a separate sheet and attach to the application.

A five member Scholarship Committee including the Vice President, Treasurer, selected NCA Coach and two selected NCA parents, will review all submitted applications. In some cases, additional information may be requested. There are seven scholarships available that will cover 75% of club fees (\$950), however, the committee may decide to award reduced scholarships based on need and total applications were received. The remaining 25% of club fees will still be due for club participation.
